## Block # 2 - November

This month we will make four half star blocks. You can choose to piece the block or applique it.

### To applique:

Cut two 10" squares from the background fabric, then cut diagonally. These are slightly oversized so that you can trim to size when finished.

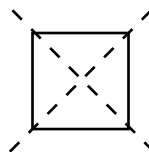

Cut 16 diamonds at 2 3/8". You can use one fabric, two fabrics, or four fabrics for the diamonds. Sew four diamonds together, turn raw edges then applique onto background triangles with your favorite technique.

### To piece:

From background fabric

Cut 4 squares at 3 1/8" for corners

Cut 2 squares at 5" then cut into qst's.

Cut 4 squares at 3 3/4" then cut into hst's.

HST's and QST's are sized generously to allow for trimming assembled block.

Tip: Cut background pieces slightly larger so you can trim back to final size

From non-background fabrics, cut a total of 16 2 3/8" 45 degree diamonds

Sew half stars to sides of Block 1.

Trim new block to 18.5" square.
